

## Starting Your Application the First Time

Your TEAMOSITY™ application is ready for you to immediately use and explore.

### Step 1

You need to **enter** an email address and create a four digit pin. This sign-in procedure is designed to protect the data you enter about yourself and others. You need to remember the email and your personal pin to open the app again.

This is your first screen. Enter your information.

If you do forget your personal four digit pin number, tap “Forgot your pin” and the app will send a valid pin to the email you have entered.

### Step 2

We have included a sample team for you to play with and explore the application. It is a real team. The names have been changed to protect the innocent! If you do not want the sample team anymore, simply delete the information. Otherwise, enjoy checking out how this sample team is doing.

This is your sample team. Play and delete as needed.
